

To Whom It May Concern:

January 2009

I have worked with Stuart Zastrow for the past ten years; the past eight of them from the remote location of our Atlanta office.

I've always been impressed by Stu's creative talent and technical skills, and have relied on him as my "right hand man" here in Atlanta. Clients have been wowed by the illustrations and artwork he's done for them, as well as the logo work he created with me. Several of Stu's illustrations have become known here citywide as branding for annual events for area non-profits. His work is world-class.

Many times in a crunch, I've had to call Stu to step in to handle a problem or emergency project from afar, and his professionalism has never failed me, or the clients here. I think that all of our expectations have been raised because of his quick, efficient and beautiful execution of potentially difficult or time-consuming projects.

Stu has an amazing work ethic and is incredibly conscientious, staying on the job until it's done right...and following up to make sure that the results are excellent. He is a loyal, ethical and dependable person to have on your team.

I will be pleased to offer specific and enthusiastic recommendation of Stu's work to any potential client or employer. Working with him has been a joy. He has always made me and the Atlanta office of The Scan Group look great to our clients, and has kept them coming back for more.

Sincerely,

To Whom It May Concern:

This letter is my personal and professional recommendation for Stuart Zastrow. Until just recently, I have been Stuart's immediate supervisor. He is a tremendously talented designer and illustrator. I found him to be a pleasure to work with, tackling all assignments with a smart plan and commitment to quality and accuracy. Besides being a joy to work with, Stuart is extremely professional and reliable. During his tenure with The Scan Group, he has gained additional pre-press and production knowledge, which will prove valuable to any organization.

I highly recommend Stuart for employment. He is a team player and will be a tremendous asset to any organization who is fortunate enough to hire him.
